ABOUT ME

Passionate and detail-oriented Computer Science student with a solid foundation in programming languages such as Java and Python. Proven ability to analyze complex problems and design efficient solutions. Dedicated to staying updated on industry trends and expanding knowledge through coursework and personal projects. Strong team player with effective communication skills and a commitment to collaborative problem-solving. Eager to contribute technical skills and enthusiasm for innovation to a dynamic software development team.

EXPERIENCE

Full stack web developer internship DevTown

2021- 2022

Completing a Full Stack Web Developer internship, I successfully applied a comprehensive skill set in front-end and back-end technologies. Contributed to the development of responsive and dynamic web applications, honing my problem-solving abilities.

AWS Cloud Trainee

2022- 2023

Techwing

AWS Trainee with hands-on experience in implementing and maintaining cloud infrastructure. Proficient in deploying and configuring AWS services such as EC2 and S3. Actively engaged in troubleshooting, optimization, and the development of automation scripts using AWS Lambda.

PROJECTS

- Zomato Clone App
- BookMyShow Clone App
- Serverless Image processing
- Static website hosting using AWS

CERTIFICATIONS

- AWS Cloud Practitioner
- Fullstack web development
